## City Stays on Standard Time Council Turns Down DST For Summer

IT WAS SUGGESTED that a plebiscite be taken at the next municipal election to determine the wishes of the city electorate on the question of daylight saving time in Edmonton during the summer months. However, no action was taken by council on the suggestion, but it is understood that the matter will be revived at a later date prior to the municipal election in November.

Several delegations appeared before city council speaking in support and against the introduction of daylight saving time. They considered it would be useless to enact a bylaw that could be set aside in the courts as outside of the powers of city council.

## CHIEF JUSTICE STONE 73 Years of Age U.S. Chief Justice Dies in Washington

WASHINGTON, April 22.—(AP)—Chief Justice Harlan F. Stone's sudden death cut the Supreme Court to a seven-man tribunal today and stirred wide speculation on President Truman's possible choice for the highest United States judicial position.

THE HARD-WORKING 73-year-old Chief Justice Stone first two dissenting opinions at his colleagues in a prolonged court session yesterday, then fell asleep over the first of three majority opinions he had prepared. He paled and his first words trailed off.

The court session was halted abruptly. Doctors said he had indigestion. He was taken home, a few hours later his secretary announced his death from "a massive cerebral hemorrhage."

Mr. Truman, who learned of the chief justice's death about the aircraft carrier Franklin D. Roosevelt, termed it "a grievous loss to the country" and said he was "terribly shocked." The president left Washington Sunday to observe naval manoeuvres off the Virginian coast.

THE FIRST WAVE of speculation touched off by Chief Justice Stone's death centred on the possible choice that Mr. Truman might elevate one of the seven Democrats now on the bench to chief justice.

Associate Justices William O. Douglas, Robert H. Jackson and Felix Frankfurter were mentioned prominently in the order. Other Democrats on the bench are Hugh Black, who now is first in seniority; Stanley F. Reed, Frank Murphy and Wiley Rutledge.

## Says Canada Faces Many Opportunities

BRANDON, Man., April 22.—(CP)—Canada is faced with opportunities beginning beyond her horizon, Senator G. McLeod of Vancouver told the Canadian club last night, but will benefit from these opportunities only if she extends the measures up to her responsibilities.

CP CANADA COULD make gifts totaling more than \$4,000,000 to British and other nations, he noted, who did not place limitations on making three trips to Ottawa to help in financial, political, humanitarian and health measures.

"What kind of nonsense goes on when a nation that can do what Canada has done during the war lets it highways get into the deplorable condition they are in and leave a million things crying to be done for want of funds?"

## \$100,000 Damage In Ontario Fire

GEORGETOWN, Ont., April 22.—(CP)—Damage of more than \$100,000 were caused last night by fire of unknown origin which destroyed the Canadian National Bank and freight sheds and the coal yard of the J. B. Hume and Sons Coal Company at this station County 40 miles west of Toronto. A freight estimated placed the loss to the railway at \$75,000 and to the coal yard at \$25,000.

## Warm Weather Is Forecast Here

Continuing warm weather was forecast for Edmonton today and Tuesday by the Dominion public weather office observers, who added that strong northern winds will accompany the high temperature for the day, 55. The reading at 10 a.m. was 50.

Maximum temperature Monday was 52 at 3:30 p.m. and the low was 31 at 5:30 a.m. Tuesday.

The sun rises Wednesday at 5:16 a.m. and sets at 7:48 p.m.

PENITA GUSHENKE, Ont. April 22.—(CP)—Fire on Monday night yesterday destroyed the \$10,000 Penita arena. Less than an hour after the blaze started the flames leveled the building to the ground.

## Some Games Here Canada, U.S. Puck Play-Off Possible

Possibility of an international hockey play-off series between the Allan cup winners and the winners of the United States amateur hockey championship, as at the present series are completed, was mooted in hockey circles in Edmonton Tuesday morning.

THE WINNERS of the Calgary Stampeder-Hamilton Tigers Allan cup series would meet the winners of the Boston Olympics-Vancouver Canucks series now underway in Vancouver. Games in the international series would be divided between Edmonton and Calgary it is said.

Dr. W. G. Hardy, past president of the Canadian Amateur Hockey Association and representative for Canada on the executive of the International Ice Hockey Association, said that negotiations are being carried out for such a series, but that at present they are being held in abeyance.

## Pneumonia Kills Well-Known Star

HOLLYWOOD, Calif., April 22.—(AP)—Lionel Atwill, 41, veteran British stage and screen actor, died at his home in Hollywood last night from a pneumonia attack.

Atwill, born in Croydon, near London, was educated at Mersey and studied acting at the Royal Academy of Dramatic Art, a long career in the legitimate theatre he came to Hollywood and entered motion pictures in 1932.

His better-known stage roles were in "The Walls of Malapaga" and "The Little Minister" and his motion picture included "The Silent Witness," "Mystery of the Night," "Song of Songs," "Nana," "Firebird," "Hound of the Baskervilles" and "The Great Dictator." "Sherlock Holmes and the Secret Weapon" and many others.

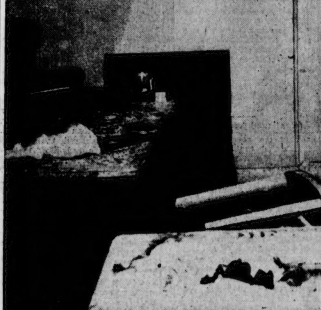

## Reverse Decision Citizenship Rule

WASHINGTON, April 22.—(AP)—The Supreme Court ruled yesterday that an alien does not have the right to perform noncombatant military service for the United States but was required to bear arms. The ruling was on an appeal by James Louis Girouard of Stoneham, N.B., who was born in Montreal, N.B., and is a member of the Seventh Day Adventist church.

## Offer Big Reward For Stolen Jewels

MAIDSTONE, Kent, Eng., April 22.—(CP)—A reward of £2,000 (\$3,000) has been offered for information which would lead to the arrest of the man who stole the "Crown Jewels" and works of art from the Tower of London last night. The reward was offered by the Home Office, the second highest in the world.

## Farmers May Stage Protest March on Ottawa Plan No Increase in Beef Ceilings

OTTAWA, April 22.—(CP)—The Prices Board said today in a statement the current shortage of beef supplies on major Canadian markets was a seasonal occurrence resulting "almost entirely" from feed shortages and indicated there was no intention to increase price ceilings to stimulate marketing of cattle.

BOARD OFFICIALS said reports alleging the existence of a widespread black market and acute shortages which had been "almost exclusively" in the last few days, served only to "aggravate" the shortage situation. Actually, cattle prices were adjusting themselves to established beef levels.

The statement referred specifically to the situation in Toronto.

## Jasper Avenue Store Looted; 2 Other Break-Ins Reported

Expert yegmen who blew the large office safe at Thompson and Dymek Ltd., 10336 Jasper avenue, early Tuesday morning, escaped with about \$2,000 in cash. Attempts, possibly by the same men, were made to obtain loot from two other safes. An unsuccessful attempt was made to open the safe in the office of the McCabe Bros. Grain Co., Ltd., Fort Trail and 70 street, Monday morning, while the burglars who "blew" the safe in the drug store at Thorby, Tuesday, found it empty except for a few papers.

City police stated Tuesday that there was very little doubt that the same yegmen had worked on both city safes, but said that full details of the burglary at Thorby were still lacking.

## By 'Unknown Persons' Body of Former Duke Is Taken From Grave

MILAN, April 22.—(AP)—Municipal authorities reported today that the body of Benito Mussolini was removed during the night from Magliana cemetery by "unknown persons."

AN INQUIRY TO ASCERTAIN the responsibility was under way. The discovery was made by workers who were in the cemetery to exhumate other bodies.

Mussolini was buried in a pauper's grave in the cemetery soon after his execution by partisans near the Swiss border in April, 1945. The bodies of Claretta Petacci, his mistress, and five henchmen were executed at the same time, were buried near his grave.

Mussolini was captured on the shores of Lake Como attempting to escape to Switzerland. After a summary trial, he and the others were shot.

THE BODIES WERE BROUGHT to Milan and hung up for exhibition in the public square. Thousands looked to see the corpse of the man who had led Italy into war, and one woman fired several shots into his body, crying that each bullet represented her vengeance for her sons lost in the war.

## Minister Announces: One Year's Training Only for Teachers

CALGARY, April 22.—(CP)—The Alberta Teachers' Association annual convention was thrown into a turmoil here Monday when Hon. R. E. Andrus, minister of education, announced at the opening session that contrary to the recommendation of the government's own advisory board and contrary to the policy already embarked upon by the province, one year of training will be sufficient for the future teachers of Alberta.

MR. ANSLAY said, "an elementary and intermediate certificate is to be granted after one year's training and will enable its holder to teach grade ten." He added that the United States is granted the nature of post graduate courses.

## Commit 3 Men For Spy Trials

OTTAWA, April 22.—(CP)—Three men were committed for trial on espionage charges here today and a further adjournment for a fourth case was announced in the fourth case of the day.

Magistrate Glenn Strick first committed the Ldr. F. W. Pollard, ex-RCAF intelligence officer, on charges of espionage under the Official Secrets Act.

Pollard did not call any witnesses in his own statement in his own behalf.

THE MAGISTRATE said he would commit the three men in the case of Dr. David Shugart, former naval anti-air warfare expert, until Thursday morning.

In the case of J. S. Benning, former munitions department official, defence counsel said attempts had been made to have a member of the "Five Point Staff" appear as a witness "but we have no record yet if it is available or not."

Durford Smith of Hull, Ont., former reporter, was committed on one charge of espionage and another under the Official Act.

## Latest Work of Edmonton Artists Is Being Shown at Museum Here

The latest work of more than 30 Edmonton artists, represented in more than 150 oils, water colors and pen drawings were on display in the Museum of Art, 908 102 avenue Monday evening in the Edmonton Art Club's 25th annual exhibition.

**THE SHOW**, which will remain here for the balance of this week, is academically up to the standard of the museum's past exhibitions. There are familiar Edmonton landscapes, some portraits, one or two character studies and a couple of animal drawings.

Edmontonians, as an art-buying class, will be pleased with many of the pictures on display, since it is most apparent that with few exceptions, the various studies were rather than to express the artist's inner feelings about the chosen subjects.

**WELCOME RELIEF** to all this rather stressed conservatism is provided by Murray W. MacNeil's "Stormy Headland" and "Outlets." Mr. MacDonald's treatment of trees, water and sky is very much out of the ordinary and is rare enough in the current exhibition that it draws considerable study.

This Edmonton artist continues to set the pace in originality. One of the best of several flower studies in the show is "Cyclamen," a water color by Margaret Chappell. Unlike the other offerings, Cyclamen is not only a careful study of the potted plant which the subject, but it presents in addition something of the back-

ground, and in essence gives a reason for the plant being where it is in the composition as a whole.

**ELLA MAY WALKER'S** "Reflections of the 70's" is an intriguing water color-drawing of an oysterman struggling over the water. "Old CNR Station" is a sympathetic treatment of a new-very-beautiful subject, it will attract considerable attention and comment.

Notable among the portraits are Hilda Mitchell's "Portrait of an American," a drawing, completed with a minimum of working-over; "Portrait" by May Purvis, a study of a young woman which is skillfully handled; and an oil "Mr. Hedley" by Margaret Chappell.

The latter picture is completely done; the well-known curator of the Edmonton museum is caught in a typical pose and appears almost ready to burst forth with one of the opinions on the subject of art generally which have made R. W. Hedley familiar to most of the local brush and palette fraternity.

**AMONG OTHER ARTISTS** represented in the showing are Mr. Donald Cameron, Robert Campbell, Gertie, Mrs. F. M. Mortimer, A.S.A. Cardiff, Giles Clark, Elsie M. Cruickshank, R. N. Dingwall, Kibel L. Field, Mrs. Hugh Haley, Mrs. Maud Hodgson, Caroline Resor Kaufman, Mrs. Marshall, Berangere Mercer, Mrs. F. M. Mortimer, A.S.A. A. J. H. Powell, Ada M. Ruff, J. Gertrude Anderson, Nellie Armstrong, Dorothy Paul Barnhouse, Virginia Lee Beardsley, George Brindley and A. J. Garner.—A.E.N.

Davis, of Highlands United Church; and Dr. Thomas Hart, superintendent of home missions for Central and Northern Alberta.

## Church Conference Being Held Here

More than 75 delegates from the United Church presbytery embraced by Fort Saskatchewan, Jasper, Leduc and Edmonton, gathered at Blisset Memorial Church in a day-long meeting of the presbytery.

**THE MEETING**, which is being conducted by the Rev. Elgin G. Turnbull, in the absence of the presbytery chairman, the Rev. E. H. Birdsal, is discussing retirement, church property, and news pertaining to the Alberta conference of the United Church of Canada, which is to be held in McDougall United church here in May, form a part of the business of the meeting.

**A DELEGATION** of church laymen met the presbytery after the luncheon adjournment to discuss their campaign to strengthen the pension fund of the church.

Devotional services, under the leadership of the Rev. Wesley Bainbridge of McDougall United church, were held in the morning.

## Traveller Finds Progress Slow

### Coast-to-Coast In Canoe

QUESNEL, B.C., April 23.—(CP)—Fisherman and prospector, 66-year-old O. P. Smith may be heading for New York in a trap-canoe trip from Vancouver, but today he is farther from his destination than when he started.

**SINCE LEAVING THE COAST TWO WEEKS** ago he has travelled in a general northward direction and yesterday passed through Quensel, 250 miles north of Vancouver.

The roundabout route is necessary, however, since the hardy traveller must follow a series of waterways in order to eventually reach the Saskatchewan river which will take him across the prairies.

At Prince George he will ship his canoe 35 miles north to Summit Lake, and from there he will continue northward until reaching Finlay Forks, where he will head eastward through the Peace Pass and go down the Peace river.

**Mr. Smith has had no trouble so far**, he said, but expects some difficulty in negotiating the Cottonwood and Fort George canyons.

## Dangers of Insect Control Stressed

Warning that many of the preparations now being marketed for farm insect control and labelled as DDT are dangerous to human beings as well as to insects, was voiced Monday by J. H. Brown, provincial entomologist, in an address to the annual conference of the Alberta Public Health Nurses.

He urged that great caution be exercised in the use of the preparations, which should only be used under instruction or by skilled hands, he said.

**BETTER MIXTURES** in which there would be less danger and equal effect would be on the market in time, Mr. Brown said.

Dr. A. Somerville addressed the nurses on immunization and communicable disease control, an important part of the work of the health nurse in any district.

Tuesday morning was spent in listening to lectures and seeing short educational films on venereal diseases. Among those speaking to the nurses were: Dr. A. H. Baker, Calgary; Dr. G. H. Davidson, Edmonton; and C. R. Dickie, Calgary, secretary of the Alberta Tuberculosis Association.

## Veterans Will Get City Service Posts

Veterans who served in the army of war will have positions in the civic service filled temporarily during the war years, made available to them subject to the civilian applying for the post having the proper qualifications, it was decided Monday night by city council.

**IN RESOLUTION** proposed by Ald. A. Blisset, K.C., and carried unanimously by council, a special committee of council will be appointed to work with the city commissioners to review the whole list of temporary appointments and consider methods of procedure for the displacement of present holders of these positions, and their replacement by veterans with active service records.

It was decided also that a representative of the Canadian Legion be permitted to sit with the committee in a consultative capacity.

**ALD. BISSET'S** resolution provided also that any veteran in a temporary position, who can produce satisfactory evidence of having volunteered for active service and being rejected shall be confirmed in his position.

The question of temporary employees came before council when the city commissioners asked for direction as to the policy to be put in effect to respect these temporary employees who are now in service. They also asked that the respective of what policy be laid down by council that the city commissioners be empowered to deal with each individual case as they may be difficult in replacing satisfactorily.

**ALD. JAMES H. OGILVIE** said there was no doubt as to the general policy of council when temporary appointments were made. They were made, he said, on the basis that at the conclusion of the war the holders of temporary jobs could be displaced to make room for veterans.

There might be some cases of extreme hardship to temporary employees in carrying out this policy, but these cases could be dealt with by the commissioners.

Harper Prowse, M.L.A. and executive member of the Canadian Legion, suggested that an examining board be appointed to deal with each individual case. He also stated that those civic servants holding temporary appointments, who had volunteered for active service and were rejected should be considered as having done all possible to serve their country.

**HE SUGGESTED** that a representative of some veterans' organization have a watching brief on any committee established to deal with this matter.

City Commissioner A. Campbell said there were about 300 temporary appointments made, but many of the temporary appointments were men who had been rejected for military service.

## Pipe Competitions Here on Saturday

The Edmonton Boys' Pipe Band annual competition will be held on Saturday in the Ukrainian Hall, 909 102 avenue.

There will be separate classes for marches, strathspeys and reels, both junior and senior and also a class for drummers. Among the judges will be Henry Lamm, R. Stoker, R. McPherson and William Hopkins.

At the annual meeting recently the following officers were elected: Honorary president, T. H. Campbell; Honorary vice president, Murray Field, K.C.; president, H. C. Gerrard; 1st vice president, L. Peet; 2nd vice president, J. Locke; treasurer, J. Armstrong; secretary, R. A. Wilson.

Since the resignation of Pipe Major Robertson in May of last year the band has been under the direction of Pipe Major H. Lamm and good progress has been made.

The band has vacancies for several more pipers and drummers ranging from 12 to 18 years of age and the boys are under supervision at all times.

## MEET AND MIX FROM COAST TO COAST IN CANADA

# Border Saskatchewan

EMPIRE of golden wheat and rolling prairie in the south-far-stretching vistas of parkland, forest, river and lakes, to beckon in beauty, visitors to her northern playgrounds.

Saskatchewan's attractions include a bracing, healthful climate and sunsets that must be seen to be believed. On the future of Canada's tourist industry, Mr. M. W. Mackenzie, Deputy Minister of Trade and Commerce at Ottawa, recently said: "There is now practically no limit to the volume of tourist business that this country could handle..."

Visitors from outside are always welcome; welcome, too, would be an increase in travel between Canadians themselves. Hon. C. G. Power said in the House last month: "When every man in this country... is as much at home in Halifax as he is in Vancouver, in Quebec as he is in Toronto, when we have no such thing as sectionalism..."

More travel by Canadians—within Canada—may mean real unity and understanding.

## LaGuardia Critical Of U.S. UNRRA Help

**WASHINGTON**, April 21.—(CP)—Fiorello H. LaGuardia, director-general of the United Nations Relief and Rehabilitation Administration yesterday declared that the starvation crisis in Europe and Asia was "forceable and avoidable," but he would not fix the blame for failure to meet it in advance.

**IN A TYPICALLY** salty press conference the former New York mayor expressed appreciation of the immediate assistance he is getting from Canada and Argentina, but was critical of the United States effort although he expected a quick improvement. He had been getting a lot of statistics but looked for action in a day or two.

"I don't want to see any more statistics as long as I live," he declared. "I have been fed on statistics for the past three weeks."

He revealed that Monday he would send John L. Lewis, head of the U. M. W., to find the same coal striking soft coal miners, asking him to have the 500,000 tons a month mined especially for UNRRA, with out prejudice to the strike clause and to be paid for at whatever rate is necessary after the strike is ended.

"I want to express appreciation for the efforts and co-operation of the Canadian government," Mr. LaGuardia said. "They always come through. They always come through. They always come through."

Dodgers Down Braves 5-4  
To Make Fifth Straight

BROOKLYN, April 22.—(AP)—Brooklyn won its fifth straight National League victory, downing Boston Braves 5-4 in an uphill struggle climaxed by Billy Herman's 10th-inning single scoring Pete We Reese.

The old guard of Flatbush veterans pulled this one out of the fire to the delight of a banner crowd of 24,000 Ebbets Field customers. After the Braves had rallied to tie the score with two in the ninth, Reese singled, good, Brown followed with a bunt, and Herman came through with his winning wallop.

## Golf

By SYLVAN NELSON

THE Professional Golfers Association has taken over a golf course in Dunedin, Fla., on the west coast of Florida, renaming it the PGA National Golf Club.

Dr. Dudley, president of the PGA, Fred Han, Sr., George Hall and the other members of the association who sponsored the plan, aim to make it the equivalent of the famous Augusta National Golf Club, a sort of shrine where golfers of the country can meet and play golf during the winter.

Not long ago Ben Hogan, Sam Snead, Walter Harold McSpadden and I played an exhibition match for the benefit of the fund. It was my first visit there and I came away full of enthusiasm for both the course and the project.

For the first time since George and I have been members of the organization back in 1902, the PGA is now identified with a course of its own.

THE PGA SENIORS' Tournament was played there this winter and most of the veterans of our organization left full of enthusiasm for the new project.

Mr. McGillicuddy, our permanent bureau manager, has suggested that the PGA National Golf Club be the national headquarters of the World's Championship Match.

It is a typical Donald Ross course and it is a typical Donald Ross course and it is a typical Donald Ross course.

Mr. McGillicuddy said the separation followed Mack's distribution of more than half of his stock in the club among his three sons, Earle, Roy and Connie Jr.

"I learned in October about his transfer of the stock," he said. "I went to see him and he told me he was going to sell it."

## Durocher Faces Assault Charges

NEW YORK, April 22.—(AP)—Leo Durocher, manager of Brooklyn Dodgers and known to millions of baseball fans as "Leo the Lip," paid out of court after a civil action filed by Durocher's counsel, Hyman L. Rosenberg, yesterday in a suit on charges of assaulting a fan last June 8, got under way.

George Hall, who is the golf coach at Cornell, as well as a vice president of the PGA, spent the winter at Dunedin Isles getting into the organization supervising the rehabilitation of the course and doing the promotional work on the PGA Seniors' Tournament and an exhibition match. He did an excellent job.

The course is one of the best-conditioned ones I have ever played on in Florida. The first four holes, in particular, are very good. Any time a man can start the first four holes in even par he can't afford to lose himself.

It is a typical Donald Ross course and it is a typical Donald Ross course and it is a typical Donald Ross course.

## KNIGHTS TOUR IN CHES

## Today's Sport Parade

NEW YORK, April 22.—(BUP)—Gus Lesnevich, the mufin-mouthed light heavyweight champion of the world, took off from LaGuardia Field yesterday for England with plenty of faith and hope and very little charity in his heart.

Gus has faith in himself and hope that he'll be able to successfully buck boxing's full bore rule when he defends his title against British Empire champion Freddie Mills in London May 14. As for the charity section known as the groin which transpires ordinary box fighters into the thespians of the calibre of the Barrymores.

And the rub is that in England you still can lose a title by "in-capacitating" a fighter with a low blow. Over in Britain it still is considered a noteworthy performance to take one below the belt, look like the heroine in East Lynne and be crowned champion while groaning flat on your back—just you get away with it. Addenda: Home town boys usually sneer at the groin which transpires ordinary box fighters into the thespians of the calibre of the Barrymores.

**BIGGEST** headache of the construction business today is the shortage of skilled craftsmen. Shortages of lumber and other materials can be overcome. But a carpenter can drive in just so many nails, saw just so many boards in a day. A plumber can hook up just so many bathtubs. A plasterer can do just so many yards of walls and ceilings. The industry needs more skilled men.

**THERE ARE MANY** reasons for this shortage of labor. In the years before the war tradesmen, through their union agreements, had the responsibility of providing new trained men for the trades. Their apprenticeship system, based on long experience, was designed to enable young men to learn the trades while they were still living under their father's roof. It was designed, through long years of training, to produce a fully trained craftsman capable of doing any kind of job in his trade well. It was designed to limit the number of recruits so that there was no chance of the trade becoming over-crowded. Added to this was the fact that during the depression years, because there was not sufficient work to keep the trained craftsmen busy, very few apprentices were trained.

In 1944 the provincial government passed "The Apprenticeship Act" and various trades have applied to be included in its provisions. Under this act boards are set up.

**THE INQUIRING REPORTER**  
THE QUESTION  
What is your opinion of the new laws which were on display during the Easter parade?  
THE ANSWERS  
ROY WILLIAMSON, retired: I've seen a lot of Easter parades, my boy, and some of the creations this year are as silly—and as pretty—as many of those in other times. They are smaller than they used to be though, but the girls seem to be able to find 'em with lots of flowers away.

## Disease Reveals Increase in City

A total of 100 communicable disease cases was reported to the city health department during the week ended April 30 compared with 90 the previous week, according to a report filed by Dr. G. M. Little, medical officer of health with the city commissioners.

## Preparations Being Made to Accommodate Tourists

# Construction of Bungalow Camp at Jasper Heralds Big Expansion in National Parks

Construction of a bungalow camp which will accommodate more guests per night than the Macdonald hotel can under way in Jasper on Monday. It marked the beginning of an expansion program in Canada's national parks which will eventually provide for tourists on a scale comparable with the most advanced on the continent.

**THE LARGEST** of these bungalow establishments is located at the junction of the Miette and Athabasca Rivers a few hundred yards south of the junction of the Miette and Athabasca Rivers and the Jasper-Banff highway. It will contain 80 modern bungalows all equipped with central water and lighting facilities.

It was the first of a series of bungalows granted to returned veterans and its sponsors are Gerda Zeidler and Victor Trudel. Construction is being carried out by W. R. Zeidler of Edmonton.

**NEXT IN SIZE** is a concession granted to Ralph Wells for bungalow camp of 50 units at the Athabasca Falls 50 miles south of Jasper. L. A. "Bud" Holl has secured a lease behind the townsite and it is expected, with the aid of the federal government, to build bungalows in operation this summer. Under this act bungalows are set aside.

**Kenneth Alexander** has secured a lease at Caledonia Creek three miles west of the townsite and is planning to construct 30 units to start with.

**"WE ALREADY** have several sites selected along the Jasper-Banff highway," Major J. A. Wood, park superintendent, stated Monday during an interview with The Bulletin's special representative. "You can state definitely that we can count on greatly increased accommodations in Jasper as soon as materials are available."

**"We certainly** expect the building of summer cottages in Jasper," Major Wood declared in answer to another question. "We already have 28 lots under agreement for building this summer—11 houses in the residential section of Jasper and located on existing light and water utility lines."

**IN ADDITION** to the construction on new sites, Keefe's Bungalows already constructed in Jasper, new units which will be available for this summer.

**A feature** about the expansion in Jasper is the fact that most of the building materials are being found locally. Virtually all of the bungalow units are of log construction with sturdy built foundations of local stone and five place built of the same material.

**Returned** recently from Ottawa, Montreal and Toronto where he interviewed government, railway and travel bureau officials, Dan E. Campbell, director Alberta Travel Bureau, stated that he was assured by authorities in Ottawa that there would be no restrictions on building tourist accommodations in the National Parks.

**MR. CAMPBELL** pointed out, however, that this did not indicate that building would be permitted unconditionally. "All building will be conducted under careful supervision of parks officials and in strict keeping with regulations so that no scenic vistas will be destroyed."

**Commenting** upon the new big establishment in Jasper, Mr. Campbell, who headed the site during the Easter week-end and said that the cabins are being located a considerable distance from the highway on the high banks overlooking the confluence of the Miette and Athabasca rivers and that other locations had been selected as carefully.

## To Raise Number Of Edmonton Polls

The number of polling subdivisions in Edmonton will be increased from 43 to either 50 or 59 before the November municipal election.

**MR. CAMPBELL** pointed out, however, that this did not indicate that building would be permitted unconditionally. "All building will be conducted under careful supervision of parks officials and in strict keeping with regulations so that no scenic vistas will be destroyed."

## Appeals Decision On Tax Assessment

Appeal against the 1946 assessment on his property in the Capital Hill district has been filed with city council by George E. Hayward and that body Monday night set the next regular council meeting as the date on which the appeal would be heard.

The appeal was filed by the law firm of Cairns, Ross, Wilson and Walbridge on the grounds that the assessment on the dwelling was too high and was out of line with comparable assessments in the vicinity.

The city commissioners sitting recently at an assessment appeal board dealt with 42 applications for decreases in assessments on dwellings or property, and the city council would be authorized to increase or decrease the assessment on the dwelling was too high and was out of line with comparable assessments in the vicinity.

## Asks Part Release In Land Agreement

Request from E. T. Dainoff, 6022 106 street, seeking a partial release from an underground garage when purchasing two blocks of land in the Martin estate from the city was referred to the bylaws committee by city council Monday night.

In his communication to council, Dainoff points out that when he made the purchase it was upon condition that no more than one building would be erected on either block of land, the condition being made part of the contract for sale.

He now points out that council has increased the taxation in that zone from 20 to 35 mills and in the circumstances he is asking a partial release from the condition so that he will be permitted to sell parts of the property purchased in parcels of not less than seven or eight lots.

## 3 Boys Summoned

Three juvenile boys have been summoned for appearing in the streets in the vicinity of 13352 82 street, the property of Harry Gylstad, according to a report by city police Tuesday. Police said a child, owned by Gylstad, had been killed by one of the boys.

## School Principals Elect President

New president of the Edmonton School Principals' Association is Ben Hager, as the result of an informal meeting of the organization held recently in the School Board rooms. Other officers are: Honorary president, Ross A. Shepherd, superintendent of schools; vice-president, T. Blacklock; secretary, A. E. Night; treasurer, Miss M. Harris; representatives, A. R. Livingston, A. C. Russell, E. M. Beckwith, A. J. H. Powell and A. G. Bayly.

## League Will Build New Curling Rink

Members of the Westmount curling club will construct a sidewalk curling rink at 127 street and 108A avenue, and Tuesday the city commissioners agreed to lease the league the property on which the rink will be erected. The structure will be erected by volunteer labor, and a fund of more than \$5,000 is already available for the work. It will have concrete foundations and sides with the superstructure being frame and stucco.
